SCOPE OF WORK  
**Installation Restoration Program/Compliance Clean-up Program (IRP/CCP) Support  
For Fort Campbell, Kentucky**

**1.0 BACKGROUND.** Fort Campbell is responsible for a variety of environmental management activities. Complex Federal environmental regulations such as, the Comprehensive Environmental Response, Compensation and Liability Act, Resource Conservation and Recovery Act, Clean Air Act, Clean Water Act, National Environmental Policy Act, Endangered Species Act, and other natural and cultural resource laws and regulations have placed an ever-increasing emphasis on environmentally sound management practices reduction of environmental contaminants, and restoration of contaminated sites. The Installation Restoration Program (IRP) is funded through the Environmental Restoration, Army (ER,A) account. The Compliance Clean-up Program (CCP) is funded through the Installation Management Agency (IMA). The IRP and CCP are combined under the Restoration Program at Fort Campbell. Fort Campbell's Restoration Program is a comprehensive program to identify, investigate, and cleanup contamination at active Fort Campbell. The program focuses on cleanup of contamination, including off-post migration, associated with past Army activities such as closed landfills, former burn areas, Open Burn /Open Detonation areas, etc. IRP/CCP activities must comply with state, regional and local requirements applicable to the cleanup of hazardous materials contamination. The Installation Restoration Advisory Board (RAB) is responsible for advising the installation commander on planning, management, and compliance implementations requirements associated with the Fort Campbell IRP. The IRP/CCP program requires organization of quarterly In-Progress Review Meetings and annual Installation Action Plan (IAP) and groundwater planning meetings as well as special meetings. The IRP/CCP is responsible for maintaining the Fort Campbell database which includes the location of the Solid Waste Management Units (SWMUs) and environmental monitoring information. The IRP/CCP is also responsible for maintaining an administrative record and repository that is accessible to the public. The IRP/CCP is responsible for maintaining administrative land-use control on SWMUs that have not obtained "No Further Action" (NFA) status.

**2.0 OBJECTIVE.** Provide technical support and assistance to the Fort Campbell IRP/CCP and RAB in monitoring and maintaining restoration efforts.

**3.0 REQUIRMENTS.** The contractor, as an independent contractor and not as an agent of the Government, shall provide necessary personnel, materials, and equipment to provide technical support to the IRP/CCP by collecting field data utilizing Global Positioning System (GPS) equipment to develop Geographical Information System (GIS) maps and ArcInfo coverages of IRP/CCP projects, by reviewing and processing environmental monitoring data, and by meeting the tasks outlined to support the RAB and IRP program. Specific tasks to be performed by the contractor under this delivery order are listed below.

**3.1 Task 1- Global Positioning System.** Assist Fort Campbell staff in developing and maintaining IRP/CCP site maps utilizing global positioning system (GPS) information. The contractor shall perform the work necessary to update the location of SWMUs and Areas of Concern (AOCs) with GPS field equipment. The support shall be provided throughout the performance period and consist of utilizing hand-held computer equipment to input the location of solid waste and to define the boundaries of installation landfills and solid waste management units (SWMUs).

- 3.2 Task 2. Source Records. Prepare and maintain a record of GIS data sources. The support shall be provided as necessary throughout the performance period and shall include information such as when and who collected and/or prepared the data, data areas and locations, and notes regarding accuracy. Information is anticipated to be readily available and accessible to the installation in the requested format.
- 3.3 Task 3. Database Management. Convert and incorporate field data to digital files on the Fort Campbell GIS computer. The support shall be provided as necessary throughout the performance period and shall include digitizing field data, running conversion/upload programs, and maintaining records and other actions necessary to enter and utilize field data. The support will also include updating and maintaining the IRP/CCP environmental GIS database, updating codes and importing new deliverables.
- 3.4 Task 4 GIS Data Layers. Utilizing Fort Campbell GIS equipment and data, to create and update maps for the management of IRP/CCP projects. Review the location of Fort Campbell projects submitted for NEPA review. Evaluate impacts to or from the IRP/CCP program. Document comments with the NEPA program manager. The support shall be provided throughout the period of performance as requested. The contractor shall submit the digital maps and documentation for every map produced as needed.
- 3.5 Task 5-RAB Communication. Maintain and update mailing list of all RAB members and other interested individuals. The contractor will use the mailing list to effect distribution. Prepare annual RAB newsletter for distribution to all RAB members and interested parties. The contractor shall revise the newsletter for Government approval. Update the RAB Handbook annually. Ensure meeting minutes are available to all RAB members. Provide the documents to individual RAB members.
- 3.6 Task 6 – RAB/IRP Meetings. Coordinate facilities and logistical support for RAB and IRP meetings. Maintain minutes and associated records of RAB and IRP/CCP meetings, and related activities. Ensure minutes are available to RAB and IRP/CCP meeting participants within fifteen (15) days of the meetings. Collect and prepare fact sheets for upcoming RAB and IRP/CCP meetings. Attend meetings, both on and off the installation. Meetings include but are not limited to quarterly Installation Progress Review (IPR) and RAB meetings, and the annual groundwater meeting.
- 3.7 Task 7 - Installation Administrative Record. Maintain the IRP/CCP Administrative Record. Ensure that one copy all reports and correspondence is maintained in accordance with all federal/state laws and regulations. A master index will be maintained current at all times which reflects the content of the Administrative Record. Retrieve records as the requested by Fort Campbell Environmental Division personnel. Mail work plans, data summaries and drafts as needed.
- 3.8 Task 8-Information Dispersion and maintenance of Repository and Technical Library Files. Maintain the IRP/CCP Information Repository Files at the Hopkinsville, Kentucky main library.
- 3.9 Task 9- Maintenance of Groundwater Analytical Data: File groundwater information. Review the data and provide a list of exceedances to the COR within a month of receiving the data. Review and provide groundwater information as requested by the COR.

**4.0 PROGRESS REPORTS/INVOICES.** The contractor shall submit monthly progress reports and invoices to Fort Campbell Environmental Division's Contracting Officer's Representative (COR) with verification copies of the monthly reports being sent to the Defense Payment Office. The monthly reports shall contain an accurate, up-to-date account of all work completed during the month, copies of any invitational travel orders, and shall normally be no longer than two typed pages in length.

**5.0 STAFFING.** It is anticipated that one Engineering Technician or Senior Planning Specialist will provide the tasks outlined above. The identified tasks will be performed on site at Ft. Campbell during normal duties hours or as agreed to by the contract COR. The contractor performing the tasks must be acceptable to Fort Campbell Environmental Division.

**6.0 TRAVEL.** The individual conducting the work under this delivery order is expected to reside in the installation vicinity throughout the duration of the delivery order. It is anticipated that minimum travel will be required during the execution of this effort. Travel to/from meetings and/or training may be required and shall be reimbursable in accordance with the Joint Travel Regulation, not to exceed \$2000.00 including contractor's handling fees, identified as ODC. Travel Expense must be approved by the Government in advance.

**7.0 INFORMATION/EQUIPMENT.** The Government shall furnish information describing the content and format for each deliverable outlined in the scope of work; GPS and GIS equipment, office space, general office support, e-mail, voice mail, a computer and printer capable of supporting the tasks above and telephone access at Fort Campbell. The government will not provide cell phones, cell phone service or pager services. The contractor personnel have approval to use a GSA government vehicle for transportation during management activities and while doing fieldwork on the installation. The contractor is responsible for complying with all policies and directives concerning use of government equipment.

**8.0 POINT OF CONTACT.** Directorate of Public Works/ Env. Div.  
Attn: Michael W. Vestal  
Bldg 865, 16 Street & Bastogne Ave.  
Fort Campbell, Kentucky 42223-5130  
COMM- (270) 798-9768

**9.0 PERIOD OF PERFORMANCE.** All work done by the contractor, including submission of all required data shall be completed within 12 months.

99730 - Vending Machine Repairer	12.82
99740 - Vending Machine Repairer Helper	10.81

---

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.01 per hour or \$120.40 per week or \$521.73 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 8 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE PARENTHESES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

- 1) Does not apply to employees employed in a bona fide executive, administrative, or professional capacity as defined and delineated in 29 CFR 541. (See CFR 4.156)
- 2) APPLICABLE TO AIR TRAFFIC CONTROLLERS ONLY - NIGHT DIFFERENTIAL: An employee is entitled to pay for all work performed between the hours of 6:00 P.M. and 6:00 A.M. at the rate of basic pay plus a night pay differential amounting to 10 percent of the rate of basic pay.
- 3) WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**HAZARDOUS PAY DIFFERENTIAL:** An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* NOTES APPLYING TO THIS WAGE DETERMINATION \*\***

Under the policy and guidance contained in All Agency Memorandum No. 159, the Wage and Hour Division does not recognize, for section 4(c) purposes, prospective wage rates and fringe benefit provisions that are effective only upon such contingencies as "approval of Wage and Hour, issuance of a wage determination, incorporation of the wage determination in the contract, adjusting the contract price, etc." (The relevant CBA section) in the collective bargaining agreement between (the parties) contains contingency language that Wage and Hour does not recognize as reflecting "arm's length negotiation" under section 4(c) of the Act and 29 C.F.R. 5.11(a) of the regulations. This wage determination therefore reflects the actual CBA wage rates and fringe benefits paid under the predecessor contract.

**Source of Occupational Title and Descriptions:**

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations," Fourth Edition, January 1993, as amended by the Third Supplement, dated March 1997, unless otherwise indicated. This publication may be obtained from the Superintendent of Documents, at 202-783-3238, or by writing to the Superintendent of Documents, U.S. Government Printing Office,

Washington, D.C. 20402. Copies of specific job descriptions may also be obtained from the appropriate contracting officer.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE  
{Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
